

Advanced Certificate in Clinical Supervision

Life-Force, Colchester Essex (Sept 2019/20)

Training Aims

This supervision training (60 hours) will include the elements needed to become an effective, competent and confident supervisor from an Integrative approach. It is also an opportunity to develop your own 'internal supervisor' and practice management skills.

The training model will be relational, creative, informative and experiential. It will be ideal for those of you who want to offer professional supervision using traditional supervision methods and skills, from your own theoretical discipline.

This training will qualify you for supervising professionals who work with individual clients in short-term or long-term therapy, in a therapeutic or organisational setting.

“Experiential work is the heart of supervision”

The Training will include:

- Supervisory relationship/model of supervision
- Techniques and skills to enhance supervision
- Contracts, evaluation, legal and ethical practice
- Supervising at all levels of the process
- Self-disclosure/boundaries/equality
- BACP & UKCP framework ethical standards
- Working with students & qualified counsellors & therapist

Entry Requirements

- A Diploma in Counselling or a relevant Professional Qualification
- Achieved 300 hours face-to-face contact hours counselling

An Advanced Certificate in Clinical Supervision (60 hours) is awarded based on:

- Creating a professional supervision contract
- A written assignment of 2000 words (Reflection on Supervision)
- Supervision case study of 2000 words
- A commitment of a minimum of 90% course attendance
- 10 hours of co-supervision practice
